

Now available from Alcon are [Dailies Total1 Multifocal](#) contact lenses, which are daily disposable lenses designed for people with presbyopia. The advanced features of Dailies Total1 Multifocal aim to address the specific vision needs of presbyopes, including end-of-day dryness. The optical design of the lenses is Alcon's multifocal Precision Profile technology, which is designed to offer a smooth progression of power for seamless transitions between distant, intermediate and near vision.

Alcon has also launched a [rebate program](#) to help eyecare professionals provide more of their patients with access to daily disposable contact lenses.
