

Recently the field of optometry has received positive recognition in the news.

CNBC names being an optometrist one of the ten jobs that pay over \$100,000 with the least competition. This article,

<https://www.msn.com/en-us/money/careersandeducation/10-jobs-that-pay-over-dollar100000-with-the-least-competition/ar-AAyF1pM?ocid=spartandhp> says being a Doctor of Optometry offers a great median income and almost 1,500 open positions.

Another popular media outlet, Indeed blog, names Optometry as 7th Best Job in the United States.
